- 5.4.** After the time frames set in clauses 5.1, 5.2 and 5.3 above have elapsed, the Payment Order may be revoked only upon agreement between the Customer and the Bank, whereas in relation to clauses 5.2, 5.2.a and 5.2.b, the Payee's consent is also required.

- 6.2.** In case the Bank refuses to execute a Payment Order, at the earliest opportunity, it will notify the Customer for such refusal to execute the Payment Order and where possible, the reasons for the refusal and the procedure for correcting any factual mistakes that led to the refusal, unless this is prohibited by the applicable law. The Bank is entitled to impose charges to the Customer for such refusal based on the Commissions and Charges Table.

7. Payment Instrument

This clause 7 applies to all Customers, irrespective of the provisions of clause 2 above.

- 7.1.** The Customer who has the right to use a Payment Instrument shall:

- (a) Use the Payment Instrument according to the terms governing its issuance and use;

- (b) Notify the Bank without undue delay, once he becomes aware of the loss, theft, misappropriation or unauthorized use of the Payment Instrument.
- (c) Take all reasonable steps to ensure the safe keeping of the personalised security features of the Payment Instrument, once he receives it.

7.2. In respect to the Payment Instrument, the Bank shall:

- (a) without prejudice to the above obligations of the Customer, ensure that the personalised security features are not accessible to any party, other than the Customer who is entitled to use it;
- (b) refrain from sending a Payment Instrument which has not been requested for, except where the Payment Instrument already given to the Customer is to be replaced;
- (c) make available to the Customer appropriate means to enable him to notify the Bank pursuant to clause 7.1(b) above or to request the unblocking of the use of the Payment Instrument pursuant to clause 7.4.2 below. Upon request, the Bank shall provide to the Customer, the means to prove, within eighteen (18) months from the notification, that he indeed made such notification;
- (d) provide the Customer with the ability to proceed with a notification according to clause 7.1(b) above, without charge and to only charge, if it wishes, the replacement cost which is directly attributed to the Payment Instrument;
- (e) prevent any use of the Payment Instrument once notification takes effect pursuant to clause 7.1(b) above.

The Bank bears the risk of sending the Payment Instrument or every personalised security feature related to the Customer.

7.3. The Bank may set spending limits in relation to Payment Transactions which are executed through the specific Payment Instrument, when the authorisation according to clause 2.4.1 above occurs with the use of the said Payment Instrument.

7.4. The Bank reserves the right to block the use of the Payment Instrument for objectively justified reasons that relate to:

- (a) the security of the Payment Instrument;
- (b) the suspicion of unauthorised or fraudulent use of the Payment Instrument; or
- (c) in the case of a Payment Instrument with a credit line, a significantly increased risk that the Customer may be unable to fulfil his liability to pay.

7.4.1. In case the Bank chooses to exercise the said right referred to in clause 7.4 above, it shall inform the Customer for the blocking of the Payment Instrument and the reasons for the blocking where possible, before the Payment Instrument is blocked or at the latest, immediately thereafter, unless providing such information would compromise objectively justified security reasons or is prohibited by any provision of the applicable law.

7.4.2. The Bank shall unblock the Payment Instrument, or replace it with a new Payment Instrument, once the reasons for the blocking no longer exist.

8. Customer's Obligations

This clause 8 applies to all Customers, irrespective of the provisions of clause 2 above.

- 8.1.** The Bank will process payments on the basis of the information that was provided by the Customer in accordance with clauses 2.4.2 and 2.4.3 above.

If the Customer provides any of the said information incorrectly, the Bank shall not be liable for the incorrect and/or delayed execution of the Payment Order, but shall make reasonable efforts to recover the funds involved in the Payment Transaction. In such a case the Bank shall be entitled to charge fees for the actions taken to recover the funds.

- 8.2.** The Customer is obliged to carefully check the balances and statements of his Payment Accounts when such information is made available. In case where the Customer finds out that a Payment Transaction has not been executed or has been incorrectly executed or without authorisation, the Customer shall be entitled to compensation as described below, provided that he notifies the Bank in one of the ways described in clause 18, immediately and without undue delay within a reasonable period of time, which does not exceed thirteen (13) months from the date that the Bank has debited or credited his Payment Account, as the case may be. The Bank will reimburse the Customer with the amount of the non-executed or incorrectly executed Payment Transaction or, in case the Payment Account of the Customer has been debited, it will restore the debited Payment Account to the state in which it would have been had the payment not taken place, except in cases where irrespective of the currency of the transaction only one of the Payment Service Providers is within the European Union.

Where the Customer is not a Consumer or a Microenterprise, he is obliged to notify the Bank for a Payment Transaction that was not executed or was incorrectly executed or was executed without authorization without undue delay and, at the latest, within two (2) months from the date of debit or credit, as the case may be.

- 8.3.** The Customer shall bear all the damages relating to the unauthorised Payment Transaction up to the amount of EUR 50 or equivalent amount in any currency (or any other amount that may be determined by the Law from time to time) for the damage resulting from the use of the Payment Instruments that was lost, stolen or misappropriated. This paragraph shall not apply where:

- (a) the loss, theft or misappropriation of the Payment Instrument was not possible to be detected by the Customer prior to the payment, and provided that the Customer has not acted fraudulently, or
- (b) the damage was caused by acts or omissions of an employee, agent or branch of the Bank or of an entity to which the Bank's activities were outsourced.

- 8.4.** The Customer is liable for all damages relating to unauthorised Payment Transactions, provided that these were incurred by the Customer acting fraudulently or failing to fulfil one or more of his obligations set out in clause 8 and/or any clause of this Framework Contract intentionally or by being grossly negligent. In such case, the maximum amount referred to in clause 8.3 above shall not apply.

9. Bank's Obligations

- 9.1.** Where the Payer is a Consumer or a Microenterprise, in case he denies having authorised the executed Payment Transaction or he disputes the correct execution of the Payment

Transaction, it is for the Bank to prove that the Payment Transaction was authenticated, accurately recorded, entered in the Payer's Account and was not affected by a technical breakdown or some other deficiency of the service provided by the Bank.

- 9.2.** The Bank is responsible to the Customer as a Payer for the correct execution of the Payment Transaction, unless the Bank can prove to the Customer that the Payee's Payment Service Provider has received the amount of the Payment Transaction. If the Bank is liable under this clause, for a transaction that was not executed or incorrectly executed, then the Bank, as the case may be, is obliged to refund to the Customer without undue delay the amount of the nonexecuted or incorrectly executed Payment Transaction and, as the case may be, to restore the debited Payment Account to the state in which it would have been had the incorrect Payment Transaction not taken place. When the Payee's Bank is liable based on this clause, it shall immediately make the amount of the Payment Transaction available to the Payee and, as the case may be, credit the equivalent amount to the Payee's Payment Account. In case where the Payment Transaction is executed with delay, the Payee's Bank obtains upon request of the Payer's Bank who acts on the Payer's behalf, that the Value Date for the Payee's Payment Account is not later than the Value Date which the amount would have had in case of correct execution of the Payment Transaction. It is provided that this provision does not apply in cases where the Payment Transaction is made in any currency and only one of the Payment Service Providers is within the European Union.
- 9.3.** In case of non-execution or incorrect execution of a Payment Transaction, the Bank, irrespective of the liability in the context of this clause, immediately makes effort, if it is requested to do so, to track the Payment Transaction and notifies the Customer about the result, without charging the Customer.
- 9.4.** The Bank has the right not to immediately reimburse where there are valid suspicions of fraud or other criminal offences or money laundering offences based on the Prevention and Suppression of Money Laundering and Terrorist Financing Law of 2007, as this may be amended or replaced from time to time.
- 9.5.** The account will not be charged for any damage caused by an unauthorised Payment Transaction, in cases where:
- (a) The damage was caused due to the use of the Payment Instrument prior to its receipt and/or activation by the Customer, unless where the said non-receipt and/or non-activation is due to the Customer's failure to notify the Bank for the change of his address,
 - (b) The Customer has notified the Bank for the loss or theft of the Payment Instrument, according to clauses 7.1 and 18 except where he acted fraudulently, or
 - (c) The Bank failed to provide the appropriate means as in clauses 7.2 and 18 in order to enable the Customer to notify the Bank in relation to the theft or loss of the Payment Instrument, except where he acted fraudulently.
- The Bank will bear no responsibility or obligation arising from clauses 9.1 and 9.2 above where the other Payment Service Provider relating to the Payment Transaction is not in a Member State and/or where the Payer is not a Consumer or a Microenterprise.
- 9.6.** It is provided that, if the Payment Order was not executed or was incorrectly executed due to the fact that incorrect/insufficient information was given to the Bank and/or the Unique Identifier required for the correct execution of the Payment Order (as clauses 2.4.2 and 2.4.3 above) was incorrect, the provisions of clause 9 in relation to the liability of the Bank to reimburse the Customer do not apply.

However, in case of an incorrect execution, the Bank will make reasonable efforts for the recovery of the funds concerning the Payment Transaction. In case where the recovery of the funds is not possible, the Bank shall provide the Customer, upon his written request, all the information available to the Bank, that is important for the Customer, in order to be able to exercise legal action for the recovery of the funds. The Bank may charge for the measures taken regarding the recovery of the funds.

It is provided that the Bank will not be obliged to credit any amount prior to receiving confirmation of the cancellation of the order by an associate or intermediary which the Bank is using for the purposes of effecting the Payment Transaction. It is provided that if the amount of the Payment Order has undergone a currency conversion, the Bank will credit the amount of the Payment Order after it converts it to the initial currency at the prevailing market rate on the date of crediting of the Payer's Account and which is based on the Reference Exchange Rate.

- 9.7.** For the execution of SEPA Direct Debits, where the Bank is acting as the Payment Service Provider of the Payer and the Payer is a Consumer or a Microenterprise, the Payer may request from the Bank to:
- (a) apply upper limit and/or periodicity for a specific SEPA Direct Debit
 - (b) where the Payment Order for a SEPA Direct Debit does not provide for a right to a refund, to check every SEPA Direct Debit transaction, before debiting the Payer's Account, in order to verify that the amount and periodicity of the SEPA Direct Debit is equal to the amount and periodicity agreed in the mandate of the Payment Order
 - (c) block any SEPA Direct Debits to his Payments Account, or any SEPA Direct Debits from one or more specific Payees, or to authorise SEPA Direct Debits only from one or more specific Payees.
- 9.8.** The Payer has the right to refund, from the Bank, the amounts corresponding to the authorised Payment Order the initiation of which was effected by the Payee or through the Payee and which has already been executed, provided that both of the following conditions are met:
- (a) During the authorisation, the exact amount of the Payment Transaction was not specified and
 - (b) The amount of the Payment Transaction exceeds the amount the Payer could reasonably have expected, taking into account his previous debits, the terms of this Framework Contract and the relevant circumstances of the case.
- 9.9.** At the Bank's request, the Payer shall bear the burden of proving that the conditions set in clause 9.8 above are met.
- 9.10.** The refund, provided for in clause 9.8 above, shall consist of the full amount of the executed Payment Transaction and the Value Date, for the debit to the Payer's Payment Account, shall not be later than the date the amount was debited.
- 9.11.** Without prejudice to clause 9.13 below, in addition to clauses 9.8, 9.9 and 9.10 above, for Direct Debits, the Payer has an unconditional right to a refund within the time limits laid down in clause 9.13 below.

- 9.12.** Irrespective of clause 9.11 above, for the purposes of paragraph (b) of clause 9.8 above, the Payer shall not rely on currency exchange reasons, if the Reference Exchange Rate agreed with the Bank was applied.
- 9.13.** It is provided that the Payer has no right to a refund as provided in clause 9.8 above, where:
- (a) The payer has given consent to execute the Payment Transaction directly to the Bank, and
 - (b) Where applicable, the information on the future Payment Transaction was provided or made available to the Payer, in the agreed manner, at least four (4) weeks before the due date by the Bank or by the Payee.
- 9.14.** The Payer can request the refund of the amounts referred to above and which corresponds to an executed Payment Transaction initiated by the Payee or through a Payee within eight (8) weeks from the date on which the funds were debited.
- 9.15.** The Bank, within ten (10) Business Days of receiving a request for a refund, shall either refund the full amount of the Payment Transaction or provide to the Payer a justification for refusing the refund, and at the same time indicate the bodies to which the Payer may refer the matter, in case he does not accept the reasons provided. It is provided that the Bank's right under this clause, to refuse the refund does not apply in the case referred to in clause 9.11 above.

10. Customer Amendment / Payment Account Details

For amounts exceeding the set limits, the Bank shall have the right to apply a different exchange rate from the one published in the Bank's tables, which will be more representative of the current exchange rate of the market at the time of the transaction.
- 11.2.** Changes to the Reference Exchange Rates shall be applied by the Bank immediately and without prior notice to the Customer. Where applicable, the Customer will be informed about the exchange rate to be used prior to the execution of the Payment Order if he is present or after the execution of the Payment Order if he is not present.

- 12.2.** The Bank shall also have the right to make changes in the interest rates or the exchange rates immediately and without notice, provided that the changes in the interest rates or exchange rates are based on the Reference Interest Rates or Reference Exchange Rates which have been agreed. In case the changes to the interest rates or exchange rates are not based on the Reference Interest Rates or Reference Exchange Rates which have been agreed, then the Customers shall be notified about such changes two (2) months before the change comes into effect by publication in the press or by announcement on the Bank's website at www.cdb.com.cy or by notice which shall be given in such manner as the Bank shall deem appropriate. In such case the Bank shall notify the Customer of its refusal unless this would jeopardize reasonable security measures and/or any applicable law.
- 14.2.** Without prejudice to clause 14.1, the Bank is entitled to refuse to a TPP access to a Payment Account, for objectively justified and duly documented reasons relating to the unauthorised or

illegal access to the Payment Account by the TPP, including the unauthorised or fraudulent initiation of the Payment Transaction. In such a case, the Bank shall inform the Customer about the refusal of access to the Payment Account and about the reasons for such a refusal. Such notification shall be provided to the Customer if possible before the refusal of access, or the latest, immediately thereafter, unless providing such information is contrary to objectively justified security reasons or is prohibited by virtue of any applicable law.

Where the Customer is provided with a card-based Payment Instrument by a TPP which is connected to a Payment Account that is accessible online, the issuer of the card-based Payment Instrument may request confirmation by the Bank that an amount necessary for the execution of the card-based Payment Transaction is available in the Customer's Account. The Customer agrees that the Bank will provide such confirmation immediately in the form of simple communication with a "Yes" or "No" in reply to every such request.

The confirmation referred to in the above paragraph shall not allow for the Bank to block funds on the Payer's Payment Account.
